In August of 2010 Best Graphics Inc. of Menomonee Falls Wisconsin installed their first VividCoater XDC-660A UV Coater along with a full featured CreaseMaster Plus with strike perf and impact perf at HC Miller in Green Bay Wisconsin. HC Miller provides organizational products such as index tabs, binders and filing solutions to healthcare, government, dental and legal markets through 350 dealers and distributors. HC Miller uses a 5 color Heidelberg and Xerox Igen 4 for the majority of their printing. Jeff Collier, Director of Operations for HC Miller was able to better his lead time to his customer by 3 days with keeping his UV Coating In House. Best Graphics was able to provide HC Miller with a bundle through Graphic Whizard that helped them have complete control of their work and increase productivity.
